# Gluten Free Repeat Order Form

*For patients with confirmed Coeliac disease or dermatitis herpetiformis*

## Rationalising Gluten Free Formulary

Due to an explosion in the number of gluten free products available, we have **introduced a limited formulary of items we are happy to provide a prescription for.** As you know, **no cake mixes / biscuits / muffins / pizza bases are prescribed.**

### SUMMARY

- Remember that you do not have to order as much as the number of units suggested per month, as other foods you purchase can be naturally gluten free
