As a patient you have rights:

As a patient you have responsibilities:

- to use the service we provide in a responsible way
- to keep appointments, or give adequate notice if you wish to cancel
- We ask the staff to treat you with courtesy and friendliness, and would ask you to treat the staff in the same way.
- For many problems, part of the solution may rest in the patient's hands, e.g. stopping smoking, changing diet, weight reduction. It is important for you to fulfil this part of your treatment if it is advised.

Home Visits

Whilst we encourage our patients to come to the surgery, where we have the proper equipment and facilities available, we do appreciate this is not always possible. In this respect, if you do need a home visit, you can help us by calling reception before 10:30 am.

You may only request a home visit if you are housebound or are too ill to visit the practice. Your GP will only visit you at home if they think that your medical condition requires it and will also decide how urgently a visit is needed. Please bear this in mind and be prepared to provide suitable details to enable the doctor to schedule house calls.
