<p>I do not want my medical practice to share any identifiable information about me with the Health & Social Care Information Centre. I understand that in the event of a national emergency this opt-out may be overridden. I understand that this opt-out only applies to records held by my GP practice and not to records held by hospitals or any other health services.</p>	<input type="checkbox"/>
Or	
<p>I am happy for identifiable information about me to be shared with the Health & Social Care Information Centre for use within the NHS but I do not consent to identifiable information about me being passed on to any other organisation for any purpose. I understand that this opt-out will be applied to all identifiable medical information held about me by the NHS, including hospital data, other than in the event of a national emergency. I understand that in order to implement this opt-out, my NHS number will be passed to the Health & Social Care Information Centre but no other use will be made of it.</p>	<input type="checkbox"/>
Or	
<p>Both of the above. This means that my GP records will not be used in any identifiable form by the wider NHS or any other organisation, and that no identifiable information about me will be used outside the NHS. I understand that I cannot prevent information from hospitals and other NHS care providers from being used in an identifiable form within the NHS.</p>	<input type="checkbox"/>

I understand that I can change my mind at any time and notify my GP practice.
