

Gibson Lane Practice GP earnings 2017/18

“NHS England require that the net earnings of doctors engaged in the practice is publicised, and the required disclosure is shown below. However it should be noted that the prescribed method for calculating earnings is potentially misleading because it takes no account of how much time doctors spend working in the practice, and should not be used to form any judgement about GP earnings, nor to make any comparison with any other practice.”

All GP practices are required to declare the mean earnings (e.g. average pay) for GP's working to deliver NHS services to patients at each practice.

The average pay for GPs working at the Gibson Lane Practice in the last financial year was £45,000 before tax and National Insurance. This is for 0 full time GPs and 10 part time GPs.”
