

Haresfield Surgery, Worcester - Salaried GP Vacancy

Due to a significant recent increase in list size our practice is looking to employ a 6-8 session salaried GP to expand our team.

Worcester is a beautiful cathedral city with excellent schools, cricket and rugby teams, and plans for a medical school. Recently ranked as the happiest and politest city in the UK in the 2018 Unbroken Britain report, this is a great place to work as a GP!

Our team

Dr Woof and Partners clinical team currently consists of 7 partners, 4 salaried GPs and 2 retainer scheme GPs.

We have a well-established and experienced 7 strong nursing team, a Clinical Pharmacist and Advanced Nurse Practitioner. We have 27 administrative staff including receptionists and a dispensing team at our branch surgery. We are fortunate to have such a loyal and dedicated team.

What is important to us?

- We recognise the increasing pressures faced by GPs and are constantly striving to ensure that our staff members have a good work-life balance to create an enjoyable and sustainable working environment.
- Coffee and camaraderie together each morning in our spacious common room so that we can support each other in our work.
- Supporting you to develop and attain your professional aspirations.
- Training of GP registrars, Birmingham medical students, physician assistants and practice nurses.
- Weekly clinical GP meetings, quarterly educational afternoons, monthly evening journal club (at the pub!), as well as the meetings you would expect to ensure smooth running of the practice.

A bit more about the surgery...

We look after 16,456 patients in both urban and rural settings. Our main site, Haresfield Surgery, is purpose built. We have a dispensing branch based in the village of Kempsey and clinicians rotate clinics to cover sessions here. We have attained full QOF achievement and high performance across other local clinical indicators. We are proud of our nurse-led Wellbeing Clinics for patients with chronic diseases, treating the patient as an individual and organising their care around them.

Salary negotiable and 6 weeks annual leave entitlement.

For any enquiries please contact Meryl Bannister (Practice Manager) - meryl.bannister@nhs.net

Office Number: 01905 368540

Or Dr Alison Woof alison.woof@nhs.net

Haresfield Surgery, Turnpike House Medical Centre, 37 Newtown Road, Worcester WR5 1HG
