

Are you feeling unwell but unsure whether to contact us because of COVID-19 ?

Please don't sit at home unwell.

We want to re-assure you that we are open and are conducting a telephone/video triage based appointment system.

PLEASE DO ring us if you are not well and in need of support from one of our clinical team. One of the clinicians will then call you back to assess your needs and try to treat you over the telephone and only if absolutely necessary will they bring you in to the surgery for a face to face appointment or conduct a video consultation with you.

We have made our surgery environment as safe as possible for everyone. All our clinical staff continue to wear Personal Protective Equipment and we are all following the social distancing guidance.

PLEASE DO NOT SIT AT HOME UNWELL.

PLEASE DO NOT HESITATE TO CONTACT US ON 01889 579276.
