Dear Registered Patient

5th September 2017

Re: Annual Flu Vaccination Invitation

Your medical condition or your age suggests that you are in a group of the population who may be at greater risk of the complications of flu. You are therefore invited to phone the practice on 01253 955717 after 2pm to arrange a time for your annual flu vaccination, to be given in the surgery.

You may also be offered, if eligible, a vaccination against pneumococcal disease which can cause severe pneumonia.

You may be also eligible for a shingles vaccination.

These vaccinations can all be administered at the same time at your GP practice.

If you have a carer they are also eligible for the free flu vaccination (as the welfare of the person they care for may be at risk if the carer falls ill). If you think this is the case, please ask them to contact their own GP practice for a vaccination.

If you decide not to have the vaccination(s) please let us know so we can enter this on your medical records.

Thank you. We look forward to seeing you soon.

Yours sincerely
