

Have you registered as a Carer?

Minchinhampton Surgery is Supporting Carers

If you look after someone you may be entitled to a range of support from both local services and the practice. As a GP Practice we have a role in supporting carers' health and we work closely with carers support agencies and local voluntary sector organisations to identify and support carers and their families who visit the practice.

Do you look after someone?

When people need help with their day-to-day living they often turn to their family and friends. Looking after each other is something that we do. Up and down the UK there are 6.5 million people caring unpaid for an ill, frail or disabled family member or friend. These people are called carers but they would probably say 'I'm just being a husband, a wife, a mum, a dad, a son, a daughter, a friend or a good neighbour.'

Carers help with personal tasks like getting someone dressed, turning them in their sleep, helping them to the loo, helping them move about or administering their medication. Carers also help with things like shopping, laundry, cleaning, cooking, filling in forms or managing money.

- Multiple Sclerosis
- Parkinson's disease
- Physical disability due to injury/accident/combat injury
- Respiratory disease/COPD (Chronic obstructive pulmonary disease)
- Sensory impairments such as blindness, limited sight, deafness or limited hearing

Have you registered as a Carer with us?

If you are a carer it is important that you register with us so that we are aware and we can inform you of local support services. As a GP practice, we know that by supporting you better we are also supporting the person you care for.

If you would like to notify us that you are a carer please complete and return a carers' registration form at the surgery.

What you might be entitled to as a Carer?

As a carer you are entitled to:

- An annual flu vaccination
- A Carer's Assessment
- Access to local and national support groups

You may also be entitled to:

- Short breaks
- Benefits (e.g. Carer's Allowance)

What we're doing to support carers?

Minchinhampton Surgery is committed to supporting carers locally by improving how we identify and support those who look after a loved one. We are:

1. Supporting the Carers Week Quest
2. Helping people identify themselves as carers and adding them to our carers' register. We currently have almost 200 carers on our register, which is approximately 3% of our overall practice list.
3. Signposting carers to useful information and support
4. Appointing a carers lead/champion, who is: Dr Hein le Roux
5. Educating staff on the benefits of identifying and supporting carers in their everyday work
6. Involving the carer in planning the care of people they are looking after
7. Asking patients for permission to share their information with their carers
8. Flu vaccinations for carers
9. Providing health checks for carers as appropriate
10. Providing appointments at convenient times for carers and the person they are caring for
